

LX CARE

Data sheet

Model: 20-001221 Infrared Non-touch thermometer

Memory groups	32*2 groups
Product Dimensions	14.3* 9.3* 3.8 CM
Business type	Manufacturer
Storage temperature	-20-50°C
Storage Humidity	15%-90%RH
Operating temperature	5-40°C
Operating Humidity	40%-85%RH
Display	LCD crystal digital display
Measuring method	Infrared radiation temperature measurement
Measurement range	32~42.5°C fro human body, 0-100°C for objects
Resolution	0.1 degrees Celsius (0.1 degrees Fahrenheit)
Accuracy	0-39.9kpa(0-299 mmhg)
Voltage	3 V
Power consumption	< 3 mW
Power supply	2* AA battery
Accessories Included	machine1, user manual*1, gift box
