EOCNO725/BJARB/16810-J-481 Dated 2007-05-08
EOCNO725/BJARB/16810-J-483 Dated 2007-05-09
EOCNO725/BJARB/16810-J-488 Dated 2007-05-15

The Gas Turbine Unit were inspected and tested in accordance with DNV Rules to the satisfaction of the surveyor, with the exceptions described below which is to be rectified before final acceptance.

If any person suffers loss or damage which is proved to have been caused by any negligent act or omission of Det Norske Veritas, then Det Norske Veritas shall pay compensation to such person for his proved direct loss or damage. However, the compensation shall not exceed an amount equal to ten times the fee charged for the service in question, provided that the maximum compensation shall never exceed USD 2 million. In this provision "Det Norske Veritas" shall mean the Foundation Det Norske Veritas as well as all its subsidiaries, directors, officers, employees, agents and any other acting on behalf of Det Norske Veritas.

Comments from the included certificates:

- SKM-07-5003 Power Turbine performance to be verified at installation tests before final acceptance.
- MTPNO372-286 A complete test of all logic and sequences in the Control System shall be performed at installation on-board in the presence of a qualified DNV surveyor.

Items on Siemens punch list B003711-4012 (Pulse no. 1CS68094) to be rectified and verified.
Activities related to SIEMENS Quality Control Plan 1CS60478 to be witnessed.
